CAMP NAZARETH: A CONTINUED JOURNEY

Who remembers over the summer when we used the drone to take a big picture of everyone on the field? Who remembers overcoming the obstacles on the ropes course to reach a goal? Who remembers playing sports where everyone worked together to score points?

Looking back on summer, there was a lot of focus on building trust, building teams, and working together to achieve a common goal.

We want to encourage you to apply all you learned at Camp Nazareth this summer to your life everyday. When you see someone know needs a helping hand, don't be afraid to reach out and help. If you're on a team, don't be afraid to be the leader and encourage those around you.

As Bishop Gregory always tells us, "I want you to be the best." Bishop Gregory is telling us the same thing Christ tells us. Be the best Christian. Be the best student. Be the best doctor. Being the best involves being humble, being kind, being helpful, being trustworthy and being faithful! So, be all you can be; and do it out of love for God and neighbor!

Be sure to follow us on social media!
